## STADION ANNOUNCES LAUNCH OF RETIREMENT MANAGED ACCOUNT TECHNOLOGY BUSINESS

---

**Watkinsville, GA., May 18, 2021**– Stadion Money Management, an independent managed account provider that offers personalized retirement services to plan sponsors and their participants, announced the launch of Stadion Technology. Stadion will now offer its retirement managed account technology to asset managers and advisory firms to power their ability to offer managed accounts to retirement plans.

Demand from asset managers for Stadion Technology drove Stadion's decision to launch this new business line. Connectivity between an asset manager and recordkeeper is key to enabling participant customization. Since 2004, Stadion has built recordkeeping integrations for participant account management.

"Stadion's goal is to become the leader in delivering personalized account solutions in the advisor sold defined contribution market. In order to achieve this goal, we recognize that we need to deliver more than just our own managed account to the marketplace," said Jud Doherty, President and CEO. "Our firm values the impact personalization can have on an individual's retirement. Taking our managed account technology, which we've been operating for years, and making it available to other organizations is a natural progression in our firm's growth."
